- We do not accept any responsibility for vehicle damage or personal injury resulting from the installation of this product.
- Careless installation and operation can result in equipment damage.

Requirement: FORD BLAUPUNKT Radio

Take the time to read through this installation guide. Familiarity with installation and operation procedures will help you obtain the best performance from your new adapter.

Introduction:

Ford owners know how difficult it is to find accessories for vehicles fitted with Blaupunkt radios. Most suggest and FM modulator, replacing radio or have nothing to offer, but those adamant about keeping the original radio, we offer an exclusive kit to enable music streaming. The BLU-FB Bluetooth music streaming adapter works on **Blaupunkt** radio model **3S4T-18C869** in select 2000-04 Focus and also works on Blaupunkt Travel Pilot DX in select European cars (Mondeo, Focus etc.) Once installed, users can stream music apps, navigation and etc. from Smartphone, iPad, Tablet, Kindle, Laptop etc. without investing in a new radio.

Introduction:

Remove radio from dashboard

1. To remove radio from dashboard a special tool (See **Fig. 1**) is required (Sold separately)

Fig. 1

2. Insert tools to radio keyholes until locked, then (a) move tools slightly sideways and (b) pull forward as illustrated in **Fig. 2**

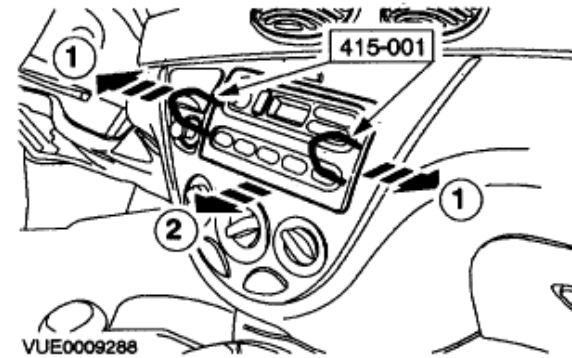

Fig. 2

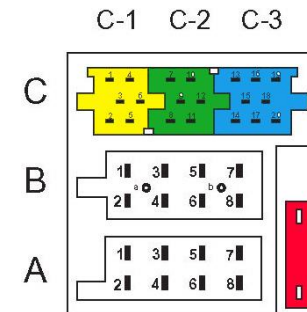

Fig. 3

Radio connectors

3. Connect blue/green plugs (See **Fig. 4**) from module to radio chambers C-2 and C-3 (See **Fig.3**)

Fig. 4

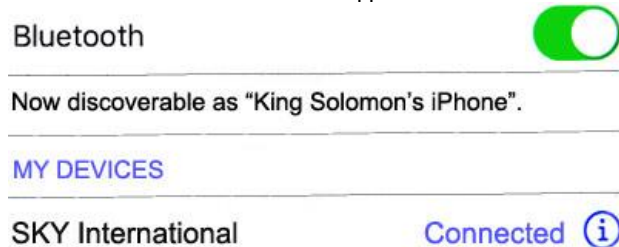

Warning: Some radios may also include a yellow plug. Yellow plug (if present) must remain connected otherwise alarm, remote control or subwoofer may no longer work.

- Secure module and proceed to next section

Pairing:

Pairing process varies among devices but basic steps are the same. This process is done upon initial install and will not have to be repeated

- Turn ignition and radio "ON"
- On A2DP device: go to **Settings, Wireless & Networks, Bluetooth Settings**
- Select to enable **Bluetooth**.
- Select Bluetooth settings
- Tap **Scan for devices**.
- Wait for Bluetooth device name to appear and select it.

Optional equipment: The following is not required for module to work; however, these options enhance user experience.

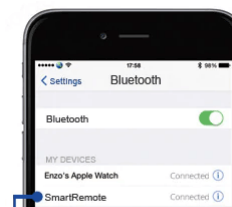

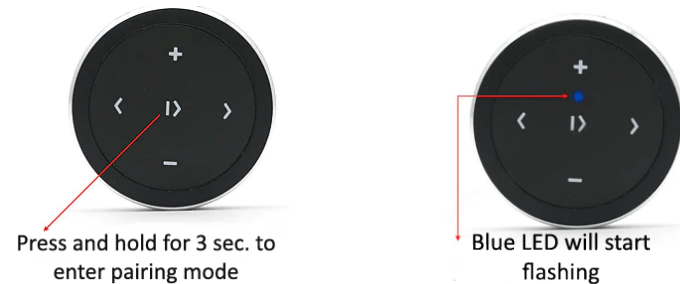

Remote Control:

This wireless remote is not required for adapter to work, however instead of fumbling audio device, you simply press the familiar remote control buttons while also keeping your eyes on the road.

Optional remote control allows users to:

- Control music wirelessly
- Activate VR commands (Siri, Google play etc.)
- Track up/down
- Volume up/down

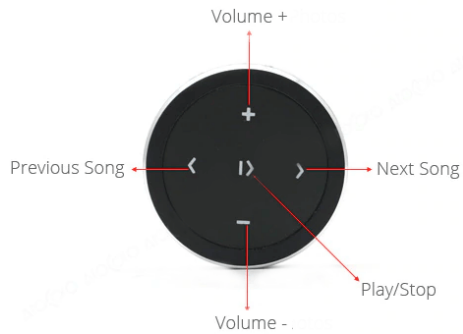

Pairing Bluetooth remote:

Select smart remote to pair

Remote Control Operation:

Use wireless remote to perform the following functions on any iOS7.0 and higher or Android 4.4 and higher.

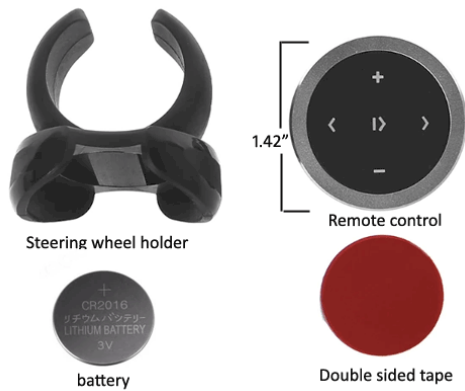

Operation:

1. Turn ignition and radio to "ON"
2. Press "CDC" or "CD" button on radio
Radio display should change to CD mode.
If radio display NO CD: press power button on/off and then press CDC button again.
3. Launch Smartphone or tablet audio streaming application.
4. Use radio volume control button to set playback level. **Ensure volume on audio device is set to 90% or higher.**

Warning: Playlist and Track selection is *NOT* possible from the stereo. Use audio device built-in controls to access and control the audio files.

5. If correct operation is confirmed go ahead and reinstall radio.

Frequently asked questions:

1. Does the BLU-FB work on other Ford Radios?

The BLU-FB is exclusive to Ford Focus Blaupunkt CD/MP3 Player Model 3S4T-18C869 (as seen in Fig. 6) and **European Travel Pilot DX** Square buttons and Travel Pilot DX Rounded buttons only. (See Fig. 7)

Fig.6

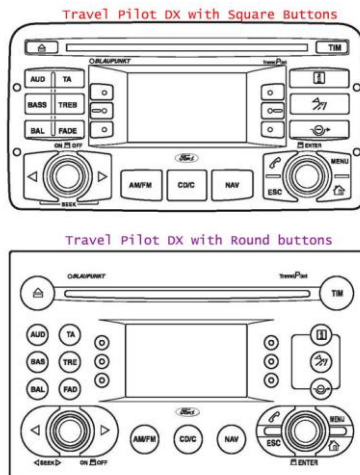

Fig. 7

2. Can I use radio buttons to control audio device

NO; Use audio device (e.g., Smartphone, iPad etc.) to select and control app playback.

3. Will I be able to use this adapter to place calls?

This module supports Bluetooth music streaming (A2DP), but **does not support** Bluetooth Hands-Free Calls (HPF)

4. Can I use optional remote control to change radio stations or control other radio functions?

NO, optional remote control functions applies to smartphone or paired device but do not apply to radio controls.
