A2D-HON03

BLUETOOTH MUSIC STREAMING INSTALLATION GUIDE FOR SELECT 2003-12 HONDA & ACURA WITHOUT REMOTE PLAYER

Created: January 15, 2017
Revised January 28, 2025

PRODUCT SAFETY & DISCLAIMER

READ ALL INSTRUCTIONS CAREFULLY BEFORE INSTALLING, FAILURE TO DO SO MAY CAUSE PERSONAL INJURY OR DAMAGE TO PRODUCT AND/OR PROPERTY

- This installation guide is provided as a GENERAL installation guide, some vehicles vary and may require additional steps. We do not accept responsibility for third party labor charges or modifications. Exercise due-diligence when installing this product.
- We do not accept any responsibility for vehicle damage or personal injury resulting from the installation of this product.
- Careless installation and operation can result in equipment damage.

Requirements:

Works in vehicles without Satellite radio, remote CD changer, DVD, slave cassette

Introduction

If your 2003-12 Honda or Acura does not support music streaming, the A2D-HONO3 updates audio system to support music streaming from any Bluetooth enabled Smartphone, Tablet, Kindle etc. Simply connect module to 14-pin CD port on radio, pair Bluetooth device and enjoy the best sound possible on the car speakers! This module does not retain use of factory installed options such as external CD changer, slave CD/cassette or satellite radio subscription or RSE- purchase our [BTA-HONO3](#) instead.

Installation:

Remove radio from dashboard to gain access to connector. (Vehicle specific radio removal instructions are not part of this guide, but may be available upon request)

Warning: Radios with 14-pin blue plug (See **Fig. 2**) are NOT compatible. See our [A2D-HON98](#) instead.

Compatible vehicle must have a 14-pin white socket as seen in **Fig. 1**

1. Locate radio **14-pin white socket** (See **Fig. 1**) (back or bottom of radio) And disconnect the factory plug to any factory option (factory options such as remote CD changer, Satellite radio, or DVD must be disconnected and will no longer function).

Fig. 1

Radio 14-pin socket

Fig. 2

14-way plugs

2. Connect module installation harness 14-pin plug (See **Fig. 2**) to radio 14-pin port
Note: If vehicle has Navigation the [HONO3-F2M14](#) t-harness (sold separately) is required to retain GPS guidance (prompts)
3. Proceed to pairing on page 3.

Pairing

Pairing process varies among devices but basic steps are the same. This process is done upon initial install and will not have to be repeated.

1. Turn ignition and radio "ON"
2. From your Bluetooth enabled device, turn the Bluetooth ON and search for Bluetooth devices.
3. When a list of available Bluetooth devices appears on your Bluetooth device, select "DisCarSt" (See **Fig. 3**)
4. Confirmation "tone" is heard on car speakers.
5. The unit will automatically enter the BT audio source and you can now start streaming audio from your Bluetooth enabled device.

Note: If the mobile phone doesn't support SSP (Simple Secure Pairing) profile, please enter the pass code of "0000"

Fig. 3

Optional smart remote control

Smart remote not required for adapter to function; however instead of fumbling audio device to change tracks etc., you simply press the familiar buttons while also keeping your eyes on the road.

Optional smart remote allows users to:

1. Control music wirelessly
2. Activate VR commands (Google play only)
3. Track up/down
4. Volume up/down

Pairing Bluetooth remote:

Remote control operation:

Use smart remote to perform the following functions on any iOS7.0 and higher or Android 4.4 and higher device.

Remote contents:

Bluetooth operation

1. Turn ignition and radio "ON"
2. Press "DISC, CD" or "XM" button on radio
3. Launch Smartphone or tablet audio streaming application.
4. Turn Smartphone volume to 80% and use radio volume control button to set playback level.

Warning! Playlist and Track selection is *NOT* possible from the Radio. Use audio device built-in controls OR optional wireless remote control to access and control audio files.

5. This concludes the installation of the A2D-HOND3. Enjoy!!!

Frequently asked questions

1. **I'm currently subscribed to SiriusXM. Does this adapter work with SiriusXM?**
NO. To retain SiriusXM playback, purchase our [BTA-HONO3](#)
