BLU-CHRY02

QUICK START INSTALLATION GUIDE FOR CHRYSLER RADIOS WITH "MODE" BUTTON

created August 10, 2015

Revised: April 14, 2020

Introduction:

Many with older cars looking for a simply way to play audio devices without replacing the radio will be pleased to find this Bluetooth solution. The BLU-CHRY02 adapter provides a **Wireless music streaming** solution for any Smartphone or Tablet with AZDP profile. **(Not for hands-free calling)**

A wireless connection means no wires, clutter or complicated setup. The BLU-CHRY02 plug-n-play solution connects to the 10-pin CD Changer/Sat Radio port which guarantees to best possible sound.

See **Frequently Asked question** at the end of this guide for details.

Installation:

Radio must be removed from dashboard to gain access to the connectors. Vehicle specific radio removal is not part of this guide; however, they are available upon request.

With radio out:

1. Connect installation harness 10-pin plug (See **Fig. 1**) to radio 10-pin connector, (See **Fig. 2**) *Any factory option (satellite radio, CD changer etc.) must be permanently disconnected.*

10-pin plug

Fig. 2
Radio 10-pin connector

2. Connect installation harness 8-pin plug (See **Fig. 3**) to module 8-pin connector (See **Fig. 4**)

Fig. 3
Installation harness

Fig. 4
8-pin connector

3. Secure module and proceed to next step.

Pairing:

Pairing process varies among devices but basic pairing steps are the same. This process is done upon initial install and will not have to be repeated

1. Turn Ignition and Radio "ON"
LED inside module will flash (pairing mode)
2. Go to **Settings, Bluetooth Settings**
3. Select **Bluetooth** and turn on.
4. **Scan for devices.**
5. Wait for Bluetooth device name (See bekiw) to appear and select it.
(See Fig. 6)
LED inside module will glow steady (paired)

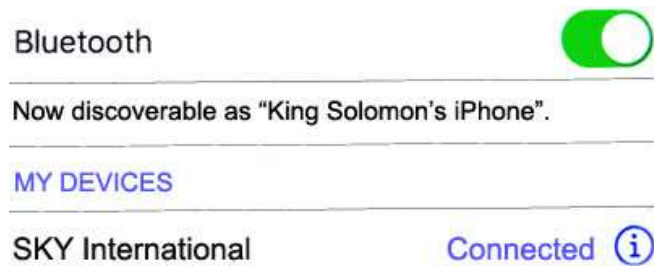

Fig. 6

Optional Wireless Remote Control

This remote control is not required for module to work as described; however, it makes for a safer ride as user will not have to fumble the audio device while driving.

Optional Bluetooth wireless remote control allows users to:

1. Control music wirelessly
2. Track up/down
3. Volume up/down

Pairing:

Controls:

Use Bluetooth wireless remote to perform the following functions on iOS7.0 and higher or Android 4.4 and higher.

Package Contents:

Test Operation:

1. Turn ignition and radio "ON"
2. Press "MODE" button on radio to enter Bluetooth mode (See Fig. 7)

Fig 7

3. Launch Smartphone or Tablet streaming application and verify device volume is set to 70% or more
4. Turn radio volume control button to set playback level.

Use smartphone built-in controls and display to access and control audio files and applications.

5. If correct operation is confirmed go ahead and reinstall radio.

Frequent asked questions

1. **Will the BLU-CHRY02 work on all Chrysler 10-pin radios?**
NO; Works on Chrysler CD changer ready radios with "MODE" button, **DISC** up on Preset #1 and **DISC** down on Preset #5 as seen in **Fig. 8**.
Radios with a MODE button without indicators on Preset #1 and #5 are not compatible.

Fig. 8

2. **My radio has a "rounded face" and CD-C button. Will the BLU-CHRY02 work?**
NO; Radios with CD-C button and 8-pin CD changer port requires our [BLU-CHRY98](#).
3. **My 2002 radio does not have a Mode button, will this adapter work?**
NO; Radios without "MODE" button are NOT capable of connecting to this device. Works only on radios described in question 1 and pictured in **Fig. 8**
4. **Can I use the BLU-CHRY02 for hands-free calls?**
NO; The BLU-CHRY02 is for music streaming and **does not** support hands-free calls. Purchase our [AZDIY-CHRY02](#)
5. **Will I have to disconnect satellite radio or remote CD changer?**
YES; this module uses the 10-pin radio port and any factory option already in place must be disconnected.
