- This installation guide is provided as a GENERAL installation guide, some vehicles vary and may require additional steps. We do not accept responsibility for third party labor charges or modifications. Exercise due-diligence when installing this product.
- We do not accept any responsibility for vehicle damage or personal injury resulting from the installation of this product.
- Careless installation and operation can result in equipment damage.

Requirement

Radio with 8-pin CD changer port and CD-C button

Introduction- newest version 10.23

Many with older cars looking for a simply way to play audio devices without replacing the radio will be pleased to find this solution. The BLU-CHRY98 adapter provides a **wireless music streaming** solution for Smartphone, Kindle, Tablet with A2DP profile. A wireless connection means no wires, clutter or complicated setup. The BLU-CHRY98 music streaming solution is applicable to select 1998-01 Chrysler rounded face radios with **CD-C button** and connect to the 8-pin CD port (See Fig. 2) which guarantees the best possible sound. This module replaces Chrysler CD changer (if present).

See **Frequently Asked question** at the end of this guide for details.

Introduction

Radio removal required to gain access to the connectors. Vehicle specific radio removal is not part of this guide; however, these are available upon request.

1. Connect right angle 8-pin plug (See Fig. 1) to radio 8-pin connector (See Fig. 2)

Fig. 1

2. Connect right angle 8-pin plug (See Fig. 1) to radio (See Fig. 2)

Fig. 2

8-pin connector

3. Connect/tap **RED** wire to switched/Accessory supply in vehicle. We recommend radio accessory wire on **radio speaker/power plug**.
Warning: Red wire must only be connected to accessory/switched supply. Permanent/Battery supply will drain car battery and is not recommended.

4. Secure module and proceed to "Pairing".

Pairing

Pairing process varies among devices but basic steps are the same. This process is done upon initial install and will not have to be repeated each time you enter/exit vehicle.

1. Turn Ignition and radio "ON"
2. On AZDP device: go to **Settings, Wireless & Networks, Bluetooth Settings**
3. Select **Bluetooth** and turn on.
4. Then select Bluetooth settings
5. Tap **Scan for devices**.
6. Wait for Bluetooth device name to appear (Sky) and select it.
(See Fig. 3)
Blue LED inside module glows steady (paired)

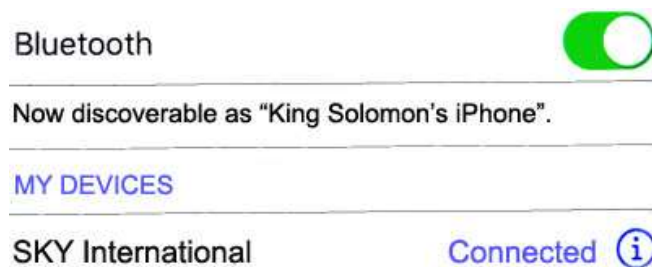

Fig. 3

Operation

1. Turn ignition to "ACC" and radio "ON"
2. Press radio "CD-C" button to enter Bluetooth mode.
Radio display will change to default CD changer mode: Disc 6 track 1 as seen in Fig. 5

Fig. 5

3. Launch audio application on Smartphone or Tablet and check that volume on device is set to 80% or more
4. Use radio volume control button to set playback level.
- 5.

Warning: Playlist, Track selection, text display etc. is *NOT* possible from the Chrysler radio. Use the audio devices built-in controls or purchase optional remote control to control audio files.

6. If correct operation is confirmed go ahead and reinstall radio.

Optional remote control

Optional remote control allows users to:

1. Control music wirelessly
2. Track up/down
3. Volume up/down

Pairing:

Press and hold for 3 sec. to enter pairing mode

Blue LED will start flashing

Select smart remote to pair

Operation:

Use wireless remote to perform the following functions on any iOS7.0 and higher or Android 4.4 and higher.

Package contents:

Frequent ask questions & troubleshooting

- 1. Will the BLU-CHRY98 work on all Chrysler 8-pin radios?**
NO; Works only on radios with 8-pin CD port and **CD-C** button on faceplate.
Warning: Some Chrysler export (e.g., Europe, Australia etc.) radios (e.g., RAD) have a CD-C button and 10-pin CD port (instead of 8-pin). These CD-C button radios requires our [BLU-CHRY02](#). **Please check radio prior to ordering.**
Older square face radios with 8-pin port require our [A2D-CHRY](#)
- 2. My radio has a “round face” and Mode button. Will the BLU-CHRY98 work?**
NO; Chrysler radios with Mode button and Changer controls requires our [BLU-CHRY02](#).
- 3. Can I use the BLU-CHRY98 to make/receive phone calls?**
NO; The BLU-CHRY98 supports Bluetooth music streaming only and does not support hands-free calls.
- 4. Will I have to disconnect the remote CD changer?**
YES, this module connects to radio 8-pin CD changer port. Any and all devices using this port will need to be disconnected.
- 5. Can I use the radio buttons to control my Bluetooth device?**
NO; Radio button do not control Bluetooth device. You must use devices built-in control and display to access music apps etc. Use radio volume controls to set playback level.
